Our Features

Explore the advanced features that make our platform unique.

Live Surveillance

Monitor real-time video feeds from multiple cameras with advanced recording technology.

Threat Detection

Utilize AI-powered models for violence and weapon detection, ensuring rapid response.

Instant Alerts

Receive immediate notifications during emergencies to keep you informed at all times.

About Threat Recognition System

Threat Recognition System is a cutting-edge platform designed to enhance public safety. By leveraging real-time video analytics and advanced AI models, we offer state-of-the-art solutions for detecting threats and ensuring rapid response.

Our system integrates live video monitoring with intelligent analysis to identify violent behavior and weapons, empowering security personnel and law enforcement agencies to act decisively when it matters most.
